🏆 BEST RENOVATION

BOSTON, MASSACHUSETTS

BOSTON PARK PLAZA

Boston's beloved destination for unforgettable gatherings since 1927.

For almost 100 years, a distinctive blend of warmth, charisma, heritage, and timeless sophistication has made the Boston Park Plaza a favorite of travelers from around the world. Today, following a stunning \$100 million renovation, Boston Park Plaza is once again Boston's most beloved hotel. The hotel's transformation has elevated every part of the guest experience, restored the beautiful lobby and majestic 13,215-square-foot Grand Ballroom to their original glory, introduced beautiful new guest rooms, and debuted some of Boston's finest dining destinations as well as the magnificent 20,000-square-foot David Barton Gym.

With over 50,000 square feet of freshly renovated meeting and event space, Boston Park Plaza is the only hotel in Boston that offers an authentic historic setting and the ability to accommodate large events for more 2,000 attendees. The superb Back Bay location, on the edge of Boston Common, puts the hotel in the heart of the city's Theater District, just steps from upscale shopping on Newbury Street and close to many of the city's best restaurants. The hotel also offers

WINNING WAYS

Boston Park Plaza offers a spectrum of amenities that make it the city's preferred choice for meeting planners and attendees. The 32 renovated meeting rooms are not only beautiful, but offer incredible convenience and flexibility to make it easy for planners to organize complicated breakout schedules or multi-session programs. The on-site, full-service Fed Ex Business Center can facilitate shipping, printing, and the production of posters, banners, and other meeting essentials.

unrivalled convenience to major highways, train stations, and Logan airport.

In addition to all public areas and meeting spaces, every one of the hotel's 1,060 guest rooms and suites have been thoughtfully renovated with new furnishings, finishes, and amenities, offering a beautiful contemporary experience complemented by cutting-edge technology. All guest rooms feature Smart TVs with streaming capabilities via SoniCast, which allows guests to sync their mobile devices to the TV and customize their video content; and PressReader, giving guests access to thousands of premium newspapers and magazines.

Guests will find the culinary experience at Boston Park Plaza every bit as breathtaking as the dramatic spaces. Visitors can expect delicious, innovative cuisine inspired by local flavors. Culinary options include our signature restaurant and lobby bar, Off the Common, specializing in regional cuisine and craft cocktails; STRIP by Strega, the quintessential Boston steakhouse; and the city's first and largest Starbucks Reserve (coming late 2016). Working off the calories is never a challenge since guests enjoy access to David Barton Gym, the city's premier fitness destination, featuring personal training and the immensely popular CYC spinning studio.
